

Stay Connected - Diamond Program!

Dear Family,

Being a Gold program user means that students have more access to their teachers. The following features are available to Gold program students:

- During school hours, teachers will respond to students' questions or requests for help within an hour of a message being sent.
- Students can call their teacher and get one-on-one teacher assistance during office hours. Please ask your teacher for his or her phone extension if you do not have it already.
- Another wonderful one-on-one feature Gold students have is screensharing. Programs such as Join.me and Zoom.us allow online meetings with one or more students, and these websites are safe and free to use! By screensharing, teachers can show their screen to the students and work with them on questions in real time, without students waiting for a typed message.
- Teachers run weekly progress reports and will notify students or parents of any issues, or to let them know if students are making exceptional progress.
- Teachers will correct and give feedback directly on major reports or essays for students to see.

We hope that all Gold program students will take advantage of these features, and that they will succeed in all that they do in their courses. If you have any questions concerning the Gold program, feel free to contact your teacher and he or she will be more than happy to help you understand and best utilize the features that come with the Gold program.

Mandee Mittler

Math and Science Teacher

Enlightium Academy

Mandee enjoys spending time with her nine year old daughter and husband. Her favorite pastime joys are crocheting and creating art out of recycled items. Along with the Mittler family, she takes care of 2 dogs, one cat, 2 rats and a snake. Once a month in church she cares and volunteers in the nursery. Whenever possible, she loves to be silly and puts energy into her life of teaching and into her conversations with others.
