

Stay Connected - Paying off your tuition early!

Hello,

At Enlightium Academy, we strive to provide the highest quality education for your children at an affordable price. One option families have when enrolling is choosing to spread out the tuition into monthly payments throughout the school year.

Now that the tax season is upon us, many families find themselves with a refund. For this reason, we want to remind you that you have the option to pay off a portion or all of your remaining tuition early; you may even qualify for a discount. Below are a few ways that you can take advantage of this option:

- Make an additional payment, removing the final month from your payment schedule. This kind of payment can be made over the phone by calling Enlightium's Accounting Department at 866-488-4818 option 6.
- Pay off a large portion of your tuition, reducing the amount paid each month in the future. This kind of payment can be made online by emailing Enlightium's Accounting Department at billing@enlightiumacademy.com with the subject line "Pay my tuition early".
- Completely pay off your remaining tuition. Choose this option and Enlightium will give you a **5% discount on the remaining tuition**. This kind of payment can be made online by emailing billing@enlightiumacademy.com with the subject line "Pay my tuition early".

You can also contact the Accounting Department if you would like to:

- Update your card information.
- Change the day of the month you would like the payment to be withdrawn from your account.
- Ask any questions concerning your remaining tuition.

Your child's education is an investment in his or her future. We feel privileged at Enlightium Academy to be a fundamental part of that investment.

Sincerely,

Michael Brooks

Information Systems Manager

Michael assists in several departments, including the Accounting Department. He enjoys hiking and camping in the great northwest with his wife, daughter and dog. His family is involved in his church's community outreach program.
