

Stay Connected—Buddy Discount!

Dear families,

We at Enlightium are happy to present the Buddy Discount. If your student has any friends, neighbors or cousins who may benefit from homeschooling, they could enroll at Enlightium Academy so they and your student could work together through their schoolwork, encouraging and assisting each other as they work on their courses throughout the year. Both students would also receive a **20% discount on their total tuition.**

We encourage families to work together and help one another make the homeschooling experience smoother. One way to do this is to get together with a few other families in your area that are looking to homeschool their kids this upcoming school year. Students can rotate between the different households during certain days or weeks in order to minimize the challenges that come with needing to supervise your student's daily work. By alternating supervisors, students also receive a wider variety of assistance. To promote this kind of collaboration, Enlightium Academy offers the Buddy Discount.

In order to qualify for the Buddy Discount:

- Both families need to fill out their applications within 24 hours of each other.
 - If either family enrolls after the 24-hour window, both families can still receive a [\\$50 referral credit](#) toward tuition.
- Both families need to live within 30 miles of each other so that the students are able to work together.
- The students cannot be siblings or part of the same household.
- If either family is withdrawn during the 14-day trial period, the discount will be voided.

When filling out the application, you will see a section where you are able to include the name of the person who is enrolling with you. Both applications will need to contain the first and last name of the other student. This section on the application will look like this:
