

Spelling Bee Round 1 Technical Requirements

1. Families with more than one student participating should have multiple computers available, one for each student.
2. Families should log in 15-30 minutes prior to the tournament to ensure there are no technical difficulties
 - a. Late entrants may be expelled from the competition
 - b. Families should stay logged in for the duration of the event. If the student is no longer involved in the tournament, the family may choose if they quietly leave or remain logged in as a viewer
3. Ideally, the family has video capabilities so that the student can be viewed by judges on his or her turn. The camera should stay on for the duration of the student's involvement
 - a. As the student may be visible to all attendees, no in appropriate mannerism, gestures, clothing, etc. will be tolerated. Any inappropriate conduct or clothing may result in the student being expelled from the Spelling Bee.
4. Similar to a local Spelling Bee where all participants are in the same room, all attendees should remain absolutely quiet for the duration of the event unless it is the student's turn or a judge speaks to the family.
