

Returning Student Orientation, High School: Welcome Back!

Welcome back to Enlightium Academy! We are excited to have you coming back for another great year. As you know, you will have some highs and some lows throughout the year, but we trust that with hard work and great communication, this can be your best year of school yet!

This is an extremely brief course. **The Student Orientation is required but does not affect your other course's grades or your transcript.** Why is it required? We have some new rules, and some fun updates, and it doesn't hurt to have a few reminders of some of the important things.

Is a parent or guardian with you?

- **Yes** - Perfect! Please review this Student Orientation with them.
- **No** - That's ok. You can review this on your own. But first, [send them this link](#) and ask them to review the Student Orientation as soon as they can.
