

3RD GRADE BIBLE

Introduce your students to the wonder of God's universe with this interactive Bible course that focuses on the life of Jesus, living for God through obedience, praise, worship, and understanding God's word and His love for His children. This course includes interesting text-based lessons, inspiring Bible verses (KJV), assessments, and interactive media to keep even the littlest learners engaged. This course helps build a foundation for practical Christian living for a lifetime.

Flexible and intuitive, this course is especially easy to navigate for young students under the guidance of a teacher. Important Christian concepts are reinforced through Bible stories, verse memorization, and writing activities. Fun, colorful, and interactive activities are woven through the course to help explain biblical teachings. Students will discover the books and authors of the Bible, explore the promises God made to His people, and learn about loving one another.

3rd Grade Bible is available completely online and accessible to students and their parents at any time. Give your students the Bible instruction they need to live a Christ-centered life with this Bible curriculum.

Topics Explored:

- You Can Use the Bible
- The Life of Jesus Christ
- Joseph! What Was God's Plan?
- Living for God
- God Takes Care of His People
- The Bible is the Word of God
- Archaeology and the Bible
- God Gave us the Need for Friends
- God Wants Man to Help Man

4TH GRADE BIBLE

Teach your students how to find inspiration through the teachings of Jesus in this Bible course. With discipleship as its focus, the course explores God's Word through text-based lessons, multimedia elements, and Bible verses (KJV). Colorful and interactive, the course covers Scripture from the Old and New Testaments, and encourages reading the Bible and living a life based on God's Word.

This Bible curriculum for 4th graders was designed to be user-friendly by accommodating students who are still learning computer skills. Throughout the course, they will study important biblical figures who accepted God's will for their lives and became disciples, living by the laws of the Creator. Practical lessons help them understand the connection between biblical content and living a Christ-centered life such as the importance of obeying parents, telling the truth, showing kindness to others, and walking in the Spirit. As this course is technology-based, it also helps students prepare for the future by supporting digital literacy.

Topics Explored:

- How Can I Live for God?
- God's Knowledge
- Saul Begins to Live for God
- The Bible and Me
- God Cares for Us
- How Can I Know God Exists?
- Old Testament Geography
- God-Given Worth

5TH GRADE BIBLE

Help your students develop a lifelong relationship with the Father through His Word in this engaging Bible course. Interactive, media-infused lessons present the concepts of God's presence in our lives, the existence of angels, the Bible as a book of prophecy and poetry, and God's work shown through service to others.

Engaging and interactive, this course was designed to encourage the use of the Bible as a guidebook for daily life. Students learn about Abraham, the apostle Paul, and other servants of God, in addition to the importance of service to God in their daily lives. They will explore biblical principles of the law, fundamental biblical truths, biblical structure, and how to apply God's Word practically as they learn and grow.

Topics Explored:

- The Presence of God
- How Others Lived for God
- The Christian in the World
- Authority and Law
- Bible Methods and Structure
- Proving What We Believe
- Paul's Missionary Journeys
- Angels
- God Created Man for Eternity

6TH GRADE BIBLE

Classical Bible stories come to life in this comprehensive Bible course designed to give your student a rich overview of the Bible, beginning with the creation and the Kingdom of Israel through the life of Christ. All lessons are geared toward a greater understanding of the Word of God while encouraging practical Christian living.

This course spans generations with topics including God's grand design, Abraham and his descendants, Joshua and the Kingdom of Israel, and Israel's captivity and restoration. New Testament instruction begins with the life of Christ, the ministry of the Apostles, and the contributions of Paul and culminates with his letters.

Topics Explored:

- Creation to Moses
- Joshua to Ruth
- The Kingdom of Israel
- The Divided Kingdom
- Capacity and Restoration
- The Life of Jesus
- The Followers of Jesus
- The Apostle Paul

7TH GRADE BIBLE

7th Grade Bible emphasizes the life of Christ as told by the writers of the New Testament. As students acquire a better working knowledge of the Bible's teachings, they will also explore how it applies to their lives each day through discussions of worship, the mission of mankind, and God's enduring love for His people as shown through His love, mercy, and grace.

With the King James Version as the primary reference, this course asks students to get to know Christ on a deeper level through the study of His life, ministry, death, and resurrection. Additional topics covered include the prophecies foretold and fulfilled, the book of Psalms, life in the Spirit, and God's enduring plan for His people.

Topics Explored:

- Worship
- Mankind
- The Attributes of God
- Fulfilled Prophecies
- New Life in Christ
- The Psalms
- The Life of Christ

8TH GRADE BIBLE

In this inspirational course, students will continue their study of practical Christianity and church history. Guided by the King James Version of the Bible, this course explores the establishment of the church, the nature of God, and the concept of salvation. Throughout the course, students will be encouraged to expand their understanding of prayer and its purpose in their lives. With helpful instruction on God's will, the roles of parents and children, and Proverbs, this course provides practical biblical principles that guide teenagers on a spiritual path.

With the King James Version as the primary reference, students will trace the history of their faith through the study of early church leaders, the history of the church in the Roman Empire, the importance of the Jews, the Jerusalem church, and the church today. This course also asks students to observe their own behavior and make important personal choices based on biblical thought and prayer.

Topics Explored:

- Prayer
- Sin and Salvation
- The Attributes of God
- Early Christian Leaders
- Early Church Leaders
- The Early Churches
- The Book of Proverbs
- Personal Choices in Today's World
- Understanding Parents
- Walking with God

9TH GRADE BIBLE

With the King James Version as a primary resource, this fully online Bible course examines the New Testament including the Gospels, the apostles, the Epistles, and biblical literature. In addition to the actual Bible study, students will explore some of the most pressing questions of the spirit including the purpose of human suffering, sharing Christ with others, and finding God's direction.

Through the New Testament, Jesus Christ and the authors of the Bible provide knowledge and direction to God's people. In this in-depth study of the 27 books of the New Testament, students will learn about the authors, their lives, their messages, and the relevance of these messages in their lives today. This interactive course also covers the Revelation of Christ and the seven seals, evangelism and outreach, the knowledge of our personal gifts, and God's will for our lives. Through thoughtful discussion and challenging questions, students will be encouraged to look at their lives and their futures from a Christian worldview and will learn how the history of the Bible affects the world we live in today.

Topics Explored:

- Introduction to the New Testament
- The Gospels
- The Acts of the Apostles
- The Pauline Epistles
- The General Epistles
- The Revelation of Jesus Christ
- Biblical Literature: Job and Suffering
- Sharing Christ
- God's Will for Your Life

10TH GRADE BIBLE

With the King James Version as a primary resource, this fully online Bible course examines the entire Old Testament of the Bible with emphasis on how God worked throughout history to prepare the people of the world for the coming of His Son. Students will travel through history as lessons take them from the creation of the world, through classical Bible stories with key figures, through the rebuilding of the temple and the walls of Jerusalem.

Students enrolled in this Old Testament survey course will get a sweeping view of the books of the Bible while they discover classic stories and key figures that play a significant role in redemptive history. Lessons cover the great flood, Abraham and Isaac, lineage to Joseph, the Exodus, Israel in Canaan, and Joshua, the judges, and spiritual decline. Students will study the kingdom of Israel under Saul, David, and Solomon, the division of the kingdom, captivity of the Hebrews, the prophets, and the restoration. Lessons will ask students to critically examine some of the most pressing questions Christians face in the world today, and how to answer them in a Christ-centered way.

Topics Explored:

- Creation Through Abraham
- Abraham Through Joseph
- The Exodus and Wanderings
- Israel in Canaan
- The Judges and Spiritual Decline
- The Kingdom
- The Divided Kingdom
- The Remaining Kingdom
- The Captivity
- The Restoration

11TH GRADE BIBLE

With the King James Version as a primary resource, this online Bible course examines how biblical doctrine applies to everyday life, especially as it pertains to the questions and challenges faced by teenagers today. Through interactive lessons, they explore the rich heritage of Christianity as they study the Roman Empire, the nation of Israel, the incarnation of Jesus, and the Abrahamic Covenant. Students are encouraged to strengthen their faith through discussions about the integrity of the Bible, spiritual maturity, and principles for Christian living.

By exploring the rich past of the early Christians and the challenges faced by the early church, high school students discover the relevancy of faith in today's world and are encouraged to consider the many questions they will be faced with as they enter adulthood. Lessons not only include biblical studies on the Roman Empire, Israel, Jesus, and other key figures from the Bible, but also teach about friendship, dating, marriage, apologetics, and the history of the canon.

Topics Explored:

- The Faithfulness of God
- Romans Part I
- Romans Part II
- The Doctrine of Jesus Christ
- The Nation of Israel
- The History of the Canon
- Friendship, Dating, and Marriage
- Sin and Redemption
- Apologetics

Per counselor approval, students can instead take:

WORLD HISTORY AND THE CHURCH

World History and the Church introduces students to the history of the church as it relates to events in the same cultural, spatial, and temporal context. The overall goal of this course is to provide students with a knowledge of how the church impacted and influenced the socio-economical development of the world. Students will also witness tangible examples of God's faithfulness to his people, learn about historic errors in ways of thinking about God, and discover a time-tested and globally-shaped

understanding of Jesus Christ. This course is based on Bruce L. Shelley's Church History in Plain Language, 4th ed., which students must purchase; see the link below for more details.

Upon completion of this course, students should be able to explain the ways in which the church has benefited the world, articulate the historic orthodox understanding of Christianity, recognize key historical figures, highlight important events in the church and the world, and understand the value of seeing God's guiding hand throughout all of history.

Topics Discussed:

- The Origin of the Church
- The Expansion of the Church
- Persecution of the Church
- The Church's Rise to Power
- The Church's Influence on Civilization
- Orthodoxy
- Heresy

12TH GRADE BIBLE

Foundations for Living provides a Bible-based, sequential development of a Christian worldview through the use of fundamental truths from the Bible. As students walk through a Christian worldview, they also engage in how biblical foundations apply to the various areas of contemporary life. The course aims to pull all of a student's education together into a unified whole, preparing them for their new adventures beyond high school in the home, church, college, and society.

Topics Explored:

- What is a Biblical Worldview?
- Presuppositions
- The Doctrines of the Bible
- God's Creation
- Head of the Family
- The Bible and Marriage
- Dating to Matrimony
- Christian Education
- Art, Music, and Politics
- Putting it All Together

Per counselor approval, students can instead take one of the following:

- World History and the Church, or
- An Introduction to Logic

WORLD HISTORY AND THE CHURCH

World History and the Church introduces students to the history of the church as it relates to events in the same cultural, spatial, and temporal context. - Persecution of the Church
- The Church's Rise to Power
- The Church's Influence on Civilization
- Orthodoxy
- Heresy

AN INTRODUCTION TO LOGIC

An Introduction to Logic is a logic course that introduces students to the foundational aspects of logic. The overarching goal of this course is to provide students with the knowledge, tools, and skills necessary to critically analyze, evaluate, and construct arguments of their own and others. This course grounds the study of Logic in the nature of God and the image of God in humanity, which invites students to ponder and apply the importance and value of logic in daily decision-making. The majority of this course is based on Patrick J. Hurley's A Concise Introduction to Logic 11th Edition.

Upon completion of this course, students should be able to articulate the relationship between God and logic, the importance of Logic in moral decision-making, the basic concepts of Logic, discern an argument from a non-argument, produce clear and effective terminology for arguments, detect fallacious arguments, assess the validity/strength and soundness/cogency of an argument, produce valid/strong arguments, and the ability to construct standard-form categorical propositions.

Topics Discussed:

- The Origin of Logic
- The Value of Logic
- Basic Concepts of Logic
- Importance of Language (clarity of terms and definitions)
- Categorical Propositions
- Categorical Syllogisms
- Propositional Logic
- Methods of Reasoning
- Applying Logical Argumentation
