

## MISSION

Enlightium's mission is to support every unique student on their journey to embrace their God-given talents, develop a lifelong thirst for knowledge, display a Christ-like spirit, and care for their community with kindness, respect, and love.

## VISION

Enlightium's vision is to nurture students to honor God, care for others, and believe in themselves and their future.

## PHILOSOPHY OF EDUCATION

At Enlightenment, we teach from a biblical worldview and provide an academic program that satisfies private school approval and accreditation requirements. Our students receive a strong background in reading, language, mathematics, science, and history. We provide Christian teachers who serve as role models for students in developing a Christian mindset within our Expected Student Outcomes (spiritually, academically, physically, socially, and emotionally).

## CURRICULUM

Enlightium's students in grades PreK-2 use a book-based Christian curriculum while students in grades 3-12 use an online, Christian curriculum (i.e. Ignitia). The curricula options include English, math, science, history, electives, and Bible courses. In addition, the online curriculum (grades 3-12) utilizes a diverse, vibrant mix of lessons, assignments, and assessments. The interactive learning games, academic links, and off-computer projects also create opportunities for in-depth study.

## COLLEGE PREPARATORY COURSES

**HONOR COURSES** demand a high level of participation, effort, and work from students. Honor courses are available in grades 3-12.

**DUAL ENROLLMENT (DE)** offers high school students the opportunity to take college classes at the college of their choice while attending Enlightenment Academy. [click.enlightiumacademy.com/dual-enrollment](http://click.enlightiumacademy.com/dual-enrollment)
