

## Dear Parents,

As you consider where to enroll your child, I would like to share what is at the heart of our mission at Enlightenment Academy (Enlightium). We strive to bring glory to God in all we do, serve Jesus Christ wholeheartedly, and share the gospel with Enlightenment students through our Bible-based curriculum and Christian teachers. We strive to live according to Matthew 5:16, [to let our light shine](#), so that our good works may bring others to give glory to God.

Our mission is the basis for our [educational philosophy](#), as articulated in our motto, "Preparing minds for leadership and hearts for service." We accomplish this through Christian faculty and staff, nurturing Christ-like character in our students and providing a quality education, being a loving and supportive community for our students and families, and encouraging students to pursue their individual God-given passions and interests.

## Student Character

We embrace every student with the welcoming love of Jesus Christ, inviting and encouraging them toward spiritual growth through dynamically integrated programs, activities, and curriculum. We provide students with opportunities to participate in monthly Bible studies with students in their age group led by one of our Bible teachers.

We also strive to cultivate citizenship, leadership, and service in the hearts of our students. High school students are required to serve in their communities and document community service hours to encourage a heart to serve others. This reflects Matthew 5:16, "In the same way, let your light shine before others, that they may see your good deeds and glorify your Father in heaven." Enlightenment high school students are also given the opportunity to run for a position in the student government to represent and serve the student body.

## Student Achievement

We believe that excellence honors God and inspires others. Therefore, Enlightenment prepares students to achieve their highest potential in education and

life. In order to encourage students to excel, Enlightium provides a challenging curriculum and requires thorough preparation and mastering subject knowledge. Enlightium graduates exhibit critical thinking, academic knowledge, wisdom, and conversational intelligence that go well beyond high test scores and grade point averages.

## Enlightium Community

Enlightium commits to being a loving school community for our families. In the midst of academic challenges and high standards, we ensure that every student learns of the love of God and the significance of being or becoming one of His children. Enlightium faculty and staff meet weekly to pray for our students and their families.

Enlightium also works to build community between its students through Bible studies and [Enlightium Social](#), an online platform for Enlightium students to interact with one another. Enlightium serves all families, which includes families that may disagree with the statement of faith held by Enlightium. We expect our students and their parents to be courteous according to the community guidelines.

## Student Calling

Besides equipping students with the mental, physical, social and spiritual competencies necessary to become humble stewards of their God-given gifts and talents, Enlightium also provides a flexible learning format that frees up our students to use their time in the ways that God would call them.

Christ-like character, God-honoring achievement, a strong faith community, and flexibility to pursue one's calling are what we want for your student. If this is what you hope for as well, Enlightium Academy may be the solution for your family. We look forward to serving you.

*Blessings in Christ,*
