Student & Parent/Guardian	I understand that:					
	• The student is responsible for adhering to all Student Agreements in the Enlightium Academy Handbook including attendance, academic integrity, and character. Unexcused absences, low progress, and/or academic misconduct will result in Academic Probation and declination from further Dual Enrollment participation.					
	• Enrollment in specific college courses cannot be guaranteed even if the classes are needed to fulfill high school graduation requirements. It is the student's responsibility to stay in communication with both the college advisor and high school counselor to ensure high school graduation requirements are met.					
	• To add or drop a college course the student must meet with the high school counselor to ensure high school graduation requirements are met and have a signed EVF revision form, then follow the college's procedures for dropping or adding a course.					
	• It is the student's responsibility to know the college's admissions policies/deadlines and if the credits the student is taking are applicable for the pursuant interest (i.e. transferable, applicable toward desired degree, etc).					
• The student gives permission for the college staff to release his/her grades to Enlightium Academy and to discuss various aspects of his/her program participation with Enlightium Academy officials (i.e. high school counselor, school administrator).						
• The student is responsible for providing the high school counselor with an unofficial college transcript/report after every quarter/semester completed no later than 1 week after the college posts grades and to have an official transcript sent to Enlightium Academy for the student's cumulative folder.						
• The student understands that high school credit for college courses will not be awarded until an official transcript has been provided to Enlightium Academy by the college.
